## **Accident delays Tuesday garbage pick-up**

An accident that pulled power lines onto Fannett Road (Highway 124) at Labin Drive this afternoon is blocking traffic to and from the city's landfill. As a result, garbage pick-up may be delayed for the remainder of the day. City crews will continue to pick up garbage today until all collections are complete. The Public Works Department does not anticipate that delays will continue into tomorrow, Sept. 30.

The Beaumont Municipal Landfill is located at 5895 Labin Drive, off Fannett Road, and is open from 7 a.m. until 5 p.m., Monday through Friday. On Saturdays, the landfill hours are 8 a.m. until 1 p.m. Citizens are discouraged from trying to access the landfill for the remainder of today.
